RE: Notification of Intent to Close  
Jeffrey Energy Center Bottom Ash Settling Area, KDHE Permit No. 0359  
Evergy Kansas Central, Inc. (f/k/a Westar Energy, Inc.)

To Whom it May Concern:

Pursuant to 40 CFR 257.102(g) of the Coal Combustion Residuals (CCR) Rule, this will serve as notification of the Evergy Kansas Central, Inc. intent to close the Bottom Ash Settling Area (BASA) CCR surface impoundment at the Jeffrey Energy Center. The unit will be closed by dewatering and installation of final capping in accordance with the current closure plan titled "Closure Plan, Jeffrey Energy Center, Bottom Ash Area Landfill and Impoundment", dated October 13, 2016, and/or any subsequent revisions, developed pursuant to 40 CFR 257.102(b). Evergy considers closure to be initiated under the CCR Rule as of the date of this notification.

Sincerely,

A handwritten signature in black ink that reads "Jared Morrison". The signature is written in a cursive, flowing style.

Jared Morrison  
Director, Water and Waste Programs
